ABOUT US

INTRODUCING, TRUE MASTERPIECES THE STORY OF PERFECTION IN MOTION

RELCO is a well Known ISO:9001 : 2008 certified company. Based at Delhi, India, we commenced our organization in the year 1987 with a mission to strictly follow client centric approaches throughout our business activities. In 1987 Relco Industries was launched to manufacture cable and starters of world class standards. The Relco industries denotes "best quality at lowest price".

At Relco industries, we are aware that our customers face immense competition. Our operation effectiveness affect our customer's business performance directly. We believe that the competitive edge can be obtained by providing goods of exceptional quality and timely delivery. To achieve consistent quality, each and ever coil of our cables is tested to ensure the amount of copper used is as per company standards.

Our successful businesses establishment rests on certain parameters such as customization of products and stringent quality checks that helps us to acquire a long of clientele in the Indian & Global market.
